

The Fine Wine Exchange

Liv-ex Research Projects

Liv-ex can produce a range of in-depth Research products for wine producers, merchants or investors. Previous projects have included peer comparison, cross-sector analysis and a variety of price tracking and investment return projects.

All projects can be tailored to your exact business need with bespoke data collection and analysis performed if necessary. All reports are delivered as both a Microsoft PowerPoint and as a pdf for ease of use. Reports can be commissioned as stand alone research or in conjunction with a larger valuation project.

- **Bespoke project specifications**
- **Various types of data available**
- **Competitive set analysis**
- **Historical price movement and return analysis**
- **Bespoke data collection and analysis available**
- **Fast, exact and completed with high levels of service and discretion**
- **Delivered as a Microsoft PowerPoint presentations and as a pdf**

Liv-ex will sit down with the client ahead of the project being commissioned to define exactly the remit and data needs of the project. Once commissioned, the project will be returned between two and four weeks – depending on its complexity and amount of data needed. Liv-ex will then meet with the client to deliver the project, talk them through the data and answer any resulting questions.

Please contact Jack Hibberd, Research Manager, at jack@liv-ex.co.uk or +44 (0) 20 7228 2233 for more information on Liv-ex Data Projects.

Liv-ex (The London International Vintners Exchange) is the world's leading exchange for fine wine. Founded in 1999, Liv-ex runs an internet and phone based trading and settlement platform for fine wine merchants and professionals. Our subsidiary, Vine international, also provides a specialist consolidation, storage and freight forwarding service for importers and exporters of fine wine.
